Easy There, Steady Now

Richard Thompson

Jack-knife with a precious load spills its guts all over the road
Excuse me, I had to smile, lost my grip, too, for a while
It's easy there, steady now, easy there, steady nowShe didn't have the decency to sweep away what's left of me
I don't have the presence of mind to walk along on a straight line
Easy there, steady now, easy there, steady nowI call your name, I call it loud
I see your face in every crowdNosebleed down the bathroom wall leaves a pool down in the stall
I wonder where you are tonight, red dress, skin so white
Easy there, steady now, easy there, steady now3 am an empty town, Doctor Marten's echo down
Old man heartbreak follows you, corruption's shadow swallows you
I said easy there, steady now, easy there, steady nowI call your name, I call it loud
I see your face in every crowdJack-knife with a precious load spills its guts all over the road
Excuse me, I had to smile, lost my grip, too, for a while
Easy there, steady now, easy there, steady now
Easy there, steady now, easy there, steady now
