

By Your Side

[Sean Rowe](#)

You think i'd leave your side baby, you know me better than that
you think i'd leave you down, when you're down on your knees, I couldnt do that
I tell you you're right when you're wrong
if only you could see into me
ooohh when you're cold, I'll be there to hold you tight to me
when you're on the outside and cant get in
i will show you you're so much better than you know
when you're lost and alone and cant get back again
I'll find you and bring you home
If you want to cry i'll be there to dry your eyes
in no time you'll be fine
you think i'd leave your side baby, you know me better than that
you'd think i'd leave you down when you're down on your kneed, i couldnt do that
i tell you you're right when you're wrong
If only you could see into me
ooh when you're cold I'll be there to hold you tight to me
ohh when you're low, I'll be there by your side baby
ohh when you're cold I'll be there to hold you tight to me
