

# Superman

## Brown Boy, Fingazz & Loren Rose

Baby  
I know you're hurting right now  
Don't worry  
I'll be your superman(no, no)  
(I can love you like no one can  
I can be your superman (superman)  
just take my hand let's fly away  
I promise I'll be there everyday  
just close your eyes let's start to fly  
I'm gonna love you until I die(till I die)  
Until the day of my death to my very last breath  
I'm gonna love you when no one's left(2)  
Come fly with me baby  
Yeah I'm the one  
With the "S" on my chest  
Forget about your ex  
He don't know what love is  
He just failed the test  
Plus he don't treat you right  
He keeps you crying all night  
See, hes like your kryptonite  
I came to give you that strength  
So you can leave him behind  
You can start all over  
Just press rewind  
Cause he don't understand that you're one of a kind  
So sweet, so sexy and just so fine  
I will fight to my death just to make you mine  
I will never neglect you  
Never have time to stress you  
And always respect you  
Girl you like a hidden treasure  
and I promise to love you  
From now until forever  
ooh para siempre mija  
Te prometo te voy amar  
hasta la muerte  
(I can love you like no one can  
I can be your superman (superman)

just take my hand let's fly away

I promise I'll be there everyday

just close your eyes let's start to fly I'm gonna love you until I die (till I die) Until the day of my death to my very last breath

I'm gonna love you when no one's left (3) I'm the type of guy

That will stand by your side

To wipe them tears when they fall from your eyes

I'm the one you hold when your nights is cold

The one that stays near to fight away your fears

You ain't gotta be scared

See I put an end to your ex

No more beating you up (nuh uh)

Or pulling on your hair

See I came to save the day

A man like that shouldn't treat you that way

And I don't understand, Why'd you take that route?

Look at yourself

Your beautiful inside and out

You need to drop that zero (uhh)

Let me swoop you off your feet

Cause I can be your superhero

Do you follow my lead? I guarantee you baby

I'm all that you need

See, you can change your plans

All you got to do is call on me and I can be your superman (Girl) Will you be by my side for the rest of my life?

For the rest of my life

Will you love me till I die?

(I can love you like no one can

I can be your superman (superman) just take my hand let's fly away

I promise I'll be there everyday

just close your eyes let's start to fly

I'm gonna love you until I die (till I die)

Until the day of my death to my very last breath

I'm gonna love you when no ones left

(Girl)

No ones left

Till no ones left

Till no ones left

Gonna love you

Gonna love you

My superman

My superman
