

Long Way Home

Steven Curtis Chapman

Verse 1

I set out on a great adventure
The day my Father started leading me home
He said theres gonna be some mountains to climb
and some valleys we're gonna go throughBut I have no way of knowing
just how hard this journey could be
Cause the valleys are deeper and the mountains are steeper
Than I ever would've dreamedChorus

I know we're gonna make it
I know we're gonna get there soon
I know sometimes it feels like we are going the wrong way
It's just a long way homeVerse 2

I got some rocks in my shoes, fears I wish I could lose
It makes the mountains so hard to climb
And my heart gets so heavy with the weight of the world sometimesAnd theres a bag of regrets

My should've beens and not yets
I keep on dragging around
And i can hardly wait for the day I get to lay it all downChorus
Well I know that day is coming
I know is gonna to be here soon
And I won't turn back even if the whole world says I'm going the wrong way

'Cause it's just a long way homeBridge
And when we can't take another step
Our Father will pick us up and carry us in His arms
And even on the best days He says to remember we're not home yet
So don't get too comfortable

'Cause really all we are is just pilgrims passing throughChorus
Well I know we're gonna make it
And I know we're gonna get there soon
So I'll keep on singing and believing
What all of my songs say
'Cause our God has made a promise
And i know that everything He says is true
And I know wherever we go
He will never leave us
'Cause He's gonna lead us home
Every single step of the long way homeKeep on we're gonna make it
I know we're gonna make it
We're just taking the long way home
