

Forever More

Tesla

Why say anything if it doesn't mean nothing at all
If everything you do there's something in it for you or you won't do it at all
Stay away
Cause I'm all about givin' a helping hand
Talk about love every chance I can
Please don't misunderstand me
Cause I'm all about givin' the dog a bone
Come on everybody let's get it on
Come on let's get it on[Chorus]
All that I believe is what I'm fighting for
And I will always be this way forever more
If I stand alone I'll be here like a stone
Forever, forever, foreverYes I know exactly how the story goes
It was all meant to be
But there's just too much crazy shit going on
What is wrong with me
You can call me anything you want cause I don't wanna be
Just another one repeating history
Please don't misunderstand me
All I do is listen to my heart as it talks to me
(Doing as I wish, ah just let it bleed, let it bleed)[Chorus]If I only I could change, it's too late
Or maybe rearrange my mind, it's too late
If only I could change[Chorus: x2]
