

# The Worst of Them

## Issues

Funny how every time you push me away  
You turn around and you beg me to stay  
Cut down from the things you say  
It's the beating of, a broken drum

Na, na, nana  
Hey, hey  
Na, na, nana  
Hey, hey, hey

One of these days  
You'll push me away  
Turn around  
It'll be too late

Your love is addictive  
I'm trying hard, just to quit it  
But you're drowning yourself  
You won't catch your breath  
Until you admit it

Is anybody out there?  
I'm dying in a nightmare  
You've got third degree burns  
And now it's your turn  
To feel what I, feel, yeah

And if it don't hurt  
Then you know what we got  
Ain't real

Funny how every time you push me away  
You turn around and you beg me to stay  
Cut down from the things you say  
It's the beating of, a broken drum

Na, na, nana  
Hey, hey  
Na, na, nana

Hey, hey, hey

One of these days  
You'll push me away  
Turn around  
It'll be too late

This love is a monster  
It's eating me alive  
Let go of my hand, you don't give a damn  
And it's killing me, inside

You show me no mercy  
Did God make a mistake?  
Put a hole in your heart  
And then you can start  
To feel what I, feel

If it don't hurt  
Then you know what we got  
Ain't real, yeah

Funny how every time you push me away  
You turn around and you beg me to stay  
Cut down from the things you say  
It's the beating of, a broken drum

Na, na, nana  
Hey, hey  
Na, na, nana  
Hey, hey, hey

One of these days  
You'll push me away  
Turn around  
It'll be too late

Where will you go  
When you refuse  
My benevolence

It's funny how every time you push me away  
You turn around and you beg me to stay  
Everytime you push me away  
You turn around and you beg me to stay  
Cut down by the things you say

I've had enough

Where will you go  
When you refuse  
My benevolence

Funny how every time you push me away  
You turn around and you beg me to stay  
Cut down from the things you say  
It's the beating of, a broken drum

Na, na, nana  
Hey, hey  
Na, na, nana  
Hey, hey, hey

One of these days  
You'll push me away  
Turn around  
It'll be too late
