

# Baby Don't You Do It

## Marvin Gaye

Ah, baby don't you do it, don't do it babe  
Don't break my heart, don't do it babe (baby, don't you do it)  
Don't break my heart, please don't do it babe (baby, don't you do it)  
Don't you break my heart (baby, don't you do it)  
Well, I've sacrificed to make you happy  
Get nothin' for myself  
Now you wanna leave me  
For the love of someone else  
My pride is all gone, whether right or wrong  
I believe you, baby, better keep on keepin' on  
Girl, I try to do my best (baby, don't you do it)  
Girl, I try to do my best, don't do it babe (baby, don't you do it)  
Don't break my heart, oh don't do it baby  
Don't break my heartMy biggest mistake was lovin' you too much  
And lettin' you know  
'Cause now you've got me where you want me  
And you're gonna let me go  
My heart was made glad when you chose me  
Heartaches and misery you've been causin' me  
Said, I try to do my best (baby, don't you do it)  
Girl, I try to do my best (baby, don't you do it)  
Don't you do it, don't break my heartGo down to the river and there I'll be  
I'm gonna jump in, baby, if you don't see by me  
Open up your eyes, can't you see I love you?  
Open up your heart, can't you see I need you?  
I'm no good without you, can't go on without you  
Life's no good without you, what'm I gonna do without you?  
Yeah, baby don't do it, don't you break my heart  
Don't you do it, baby, don't you break my heart  
What'm I gonna do without you?  
Got to go on, baby  
Ha, baby don't you do it
