

# Ain't No Thang

[Toby Keith](#)

I let another one get away  
She said, "She's gone for good"  
But that's all old hat now  
I always thought she would  
To tell you the truth  
I'm prepared to fall apart  
It's just like deja vu  
I know it all by heart  
It ain't no thang, I already know how it feels  
The same ol' pain, a different deal  
So if it looks like rain, I'm gonna let it rain  
'Cause I know, it ain't no thang  
Well I tried the crying thang  
But it only made it hurt  
That silly drinkin' thang  
Only made it worse  
Girls are gonna come  
Girls are gonna go  
The only thang I'm sure of  
The only thang I know  
It ain't no thang, I already know how it feels  
The same ol' pain, a different deal  
So if it looks like rain, I'm gonna let it rain  
'Cause I know, it ain't no thang  
It ain't no thang, I already know how it feels  
The same ol' pain, a different deal  
So if it looks like rain, I'm gonna let it rain  
'Cause I know, it ain't no thang  
Well, I know, I know, I know how it feels  
It ain't no thang
