

# First Dimension - Malthusian Protocol

## Orient Fall

"No limits whatever are placed to the  
productions of the earth;  
they may increase forever.  
I think I've found it: the experience,  
the true source and the foundation  
of all knowledge, that confirms the truth." I want to devastate this world tonight:  
this will be the ultimate crime!  
Crawl back and disobey the rules  
of anti-liberal criteria!  
Devastate this world tonight!  
This will be the ultimate crime of the millennium!  
Our existence through a one dimensional hole!
