

I Know

Irma

I'd like to tell you just a word
I am so sorry to disturb
You may be thinking I'm a fool
I heard you tell 'em don't care
I heard you think it loud and clear
It doesn't make me proud of you I know you time is precious
But give me just a second
I need to straighten things out with you
You blew my hopes and dreams away
And there is not a single day
I don't fear the worst because of you I know that it's not a dream
I saw, yeah I saw your scheme
I know you
I saw I wonder if there's a justice
When I look right into your eyes
Those feeling never lie
My only weapon is this song
And you won't have to sing along
This is the story of my life I know that it's not a dream
I saw, yeah I saw your scheme
I know you
I saw I know I saw I know that it's not a dream
I saw, yeah I saw your scheme
I know you
I saw
