

# You Never Change

## The Doobie Brothers

You're still playing that time-worn melody  
Play it now for old time's sake once more  
When you want me, you won't be usin' me  
Like you've done a thousand times before  
    'Cause I found out now  
    You never change  
    Ain't no use in foolin' myself  
You never change at all You're still sayin'  
    That you're misunderstood  
    Won't go fallin' this time, that's for sure  
    All your methods won't do you any good  
They've all been tried a thousand times before 'Cause I found out now  
    You never change  
    Ain't no use in foolin' myself  
You never change at all It ain't no use, you'll never change  
    Stop your runnin' around...
