

Can't Be Stopped

Redcar

I've been thinkin' about better days
The way that I was before I got off the bus in LA
You remind me so much of myself
What's hidden beneath that smile is somebody else

And how do you know I'm not lyin'?
And why do I sleep with the lights on?
What's gonna keep me from cryin' in the middle of the night?

Shadows fade away
And precious moments fight for their right-of-way
And I just can't be stopped

I've been able to look at my scars
No matter how deep, no matter how faithful they are

How do you know I'm not lyin'?
And why do I sleep with the lights on?
And what's gonna keep me from cryin' in the middle of the night?

Shadows fade away
And precious moments fight for their right-of-way
And I just can't be stopped

'Cause I'm running around with this fear in the middle of the night
And the next thing I know I'm barely able to cope
I'm gonna wait this one out 'cause I'm beginning to see the light
Hope is all that I've got but to me that's a lot, yeah that's right

Can't be stopped
Can't be stopped
Can't be stopped

Shadows fade away
And precious moments fight for their right-of-way
And I just can't be stopped
