

Get With It!

MxPx

Kid quit it, get with it
Kid quit it, get with it
You're getting on my nerves
Is that what I deserve
Kid quit it, get with it
Kid quit it, get with it
You're getting on my nerves
Is that what I deserve
I know I can't play guitar
So kill me quickly
And I'll be glad I'm gone
You wouldn't be so cool
If your friends ran off without you
And left you with your pants down
Kid quit it, get with it
Kid quit it, get with it
You're getting on my nerves
Is that what I deserve
Kid quit it, get with it
Kid quit it, get with it
You're getting on my nerves
Is that what I deserve
You're nothing but a lonely clown
Without a circus
A sheep that's lost the flock
Your nothing but a lonely clown
Without a circus
But we're just here to rock
