No Excuse

Kurt Nilsen

Open up and let me in, I am getting cold
I've been trying to prove you wrong
But now it's getting old
I've made some blunders, I've made a few
I'm full of regretsThere's no excuse for what I've done
There's no excuse for what I've done
There's no excuse for what went wrong
Can you forget about it and move onOpen up and let me in, I'm begging you
I know I've done some big mistakes
But don't shove me out
I cannot turn back time and even if I couldThere's no excuse for what I've done
There's no excuse for what I've done
There's no excuse for what went wrong
Can you forget about it and move on
Can you forget about it and move onI know it cuts like a knife
The pain that I've done to you
There is no telling of what's to come
But I want to see this through
If I could take it away, you know I wouldThere's no excuse for what I've done
There's no excuse for what I've done
There's no excuse for what went wrong
Can you forget about it and move on
Can you forget about it and stay strong
