All Right

Handsome Devil

She buys me drugs,
cigarettes, and alcohol,
I think that's pretty cool,
and that's all right with me,
and later on at night,
she wraps me up so tight,
I think that's pretty cool,
and that's all right with me,Hey Hey, She's All Right
Hey Hey, We're All Right (All Right)She ties me up,
She fits me like a glove,
I think that's pretty cool,
and that's all right with me,
and when the moon gets full,
she works a miracle,
I think that's pretty cool,
and that's all right with me,Hey Hey, She's All Right
Hey Hey, We're All Right (We're All Right)Hey Hey, She buys me drugs,
Hey Hey, I think that's pretty cool,Hey Hey, She's All Right
Hey Hey, We're All Right (All Right)
