# See You Leave (feat. STS & Khari Mateen)

## RJD2

You know I hate to see you leave
But I love to watch you go
You know I hate to see you leave
Girl I love it if you goBreak up, break the tempo, someone adjust my level
This don't sound like heaven you must be cool with the devil
I got this chick from Vegas bitch runnin' round with them rebels
Swear she really gets(?) me when the proof is in the shovel
Shawty shmovin' shuttle one, hard as heavy metal
The way she ride my dick you'd think my shit came with some petals
She tell me ain't nobody better
STS she only know me by them letters
That's rock'n'roll shit I must think I'm Eddie Vedder
I know she fucks with other niggas I don't sweat 'er
She says she'd only fuck me with if I would let her
I ain't no hater honey, go 'head and get your cheddar
That type of shit just get her wetter
She just hope I don't forget her
I told that bitch that I would never
Man, I haven't seen that bitch in fo' forever
You know I hate to see you leave
But I love to watch you go
You know I hate to see you leave
Girl I love it if you goI never thought we'd meet again cause I'm a cold nigga
A couple years later here sippin' cold liquor
Surrounded by the chronic smoker, couple gold diggers
We had a show in Cali just me and my gold niggas
I seen you with your homies, couple other hoes with ya
They don't even look that tight they even roll with ya
I see you took your leave out and got your soul sista
Now the carpet messaged (?) drapes (?) shawty I'm just fucking with ya
Whats up with me and you tonight
Oh was you walking in and out my life
You know I hate to watch you go
But if you do promise to walk slow
She said that we should talk more
I think that we should talk less
Tonight we should just make love
And tomorrow have goodbye sex
You know I hate to see you leave

But I love to watch you go
You know I hate to see you leave
Girl I love it if you go
