

# Pumping On Your Stereo

## Supergrass

Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo? Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo? Life is a cigarette, you smoke to the end  
But if you rocket the middle bit  
Then you burn all your friends  
The wider your eyes, the bigger the lies, yes it's true Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo? Take a look through your window now  
You're all alone on the road  
Well, you'll burn all your bridges down  
And now you're losin' control  
The wider your eyes, the bigger the lies, yes it's true  
If you made a mistake where you couldn't relate to your groove Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo? Well, now that I've met you  
And I love you as a friend  
Yeah, but your love is mogadon, love is the end  
Well, the wider your eyes, the bigger the lies, yes it's true  
If you made a mistake where you couldn't relate to your groove  
Yes, it's true Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo? Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?  
Can you hear us humpin' on your stereo?
