When It's Over

Avant

[Verse 1:]
The time has come for me to tell you
Tell you the truth about exactly how I feel about us
We took it to that other level
From all the phone as friends to holding hands to sexing it
But this is about trustMaybe I can understand
How you could want me as your man
But see I don't mind spending, I don't mind sharing my life with who I loveOr is it just material things?
Or the lifestyle that comes with me
'Cause there's no guarantee that this will last foreverWill you be there?
When it's over yea
When the party's over yea
Will you be there?
When it's over yea
When the party's over yea yeaI've been thinking bout all we been through baby
The happy times, the times you cried
It hurt inside but I wanna make this work
I really hate that I'm second guessin it
But I've been hurt before
When it rain, it pours
And lose your control
Let me help you let the past goIs the love we share sincere?
Can I wipe away my fears?
If I walk away from everything, that don't really mean a thingCan we live the simple life?
Little fives at early nights
Girl I gotta know if you loving me for meWill you be there?
When it's over yea
When the party's over yea
Will you be there?
When it's over yea
When the party's over yea yeaI wanna know
If it's really real
Do we real? Then tell me what it is you feel yea
I wanna know
Will you still be there?
When it's all overWhen it's over yea
When the party's over yea
(Will you still be with me?)
When it's over yea

When the party's over yea yea
(Baby when it is...)Oh baby
When it's over yea
When the party's over yea
(When it's over)
I wanna know
I need to know
When it's over yea
When the party's over yea
Will you feel me then yea?When it's all over yea
Will you still be with me? Yea
No life go with option
Will you still even care?When it's all over yea
When it's all over yea
When it's all over yea
When it is... when it is
