Evil Edna

Johnny Arthur

Evil Edna she wore sequins to the funeral
Looked just like a gypsyNever shed a tearEverybody said she looked just like a hookerEveryone mistook her for the loser of the yearStill the voices of the prophets
Tell us we should live just soEnda did not know
Ah Edna didn't careTwo weeks later, Edna laughed at her confessionGave the nuns a chill
Laughed just like a gypsyEverybody said she'd never be forgiven
Everybody cursed her, said that she was illStill the voices of the prophetsAh Edna didn't careTell us we should live just soOh she did not knowJust the other day I heard some people talkin'Edna went out walkin' and she passed awayNo one knew exactly just what happenedNo one came to mourn her, we all stayed away
