Remember Me This Way

Gary Glitter

I can't conceal
The way I feel
It's time for me to goDon't ask me why
Don't even try
To stop me as I goI'll be back somewhere, someway
Don't feel alone
One fine day you'll hear me say
"Darlin' I'm home"I will love you all my life
Just one thing I pray
When you dream of me each night
Remember me this wayA tear that falls
A voice that calls
Is all I've left to youA last goodbye
The tears I cry
I dedicate to youI'll just go on missing you
So, until then
I'll just dream of kissing you
Again and againI will love you all my life
Just one thing I pray
When you dream of me each night
Remember me this wayI will love you all my life
In my special way
In the stillness of the night
Remember me this way
