## Muse

It breaks my heart  
to leave you far behind  
it breaks me up  
to leave so suddenly  
knowing we might never  
meet again  
It hurts so much  
to lose another friend  
I could hope you're just as sad  
to see me go  
but I'd hate to be the cause  
of grief to someone I like so  
Knowing we might never  
meet again  
It hurts so much  
to lose another friend.
