## Nothing but Thieves

We left the Cliff  
Wandered down the Broadway to the Elms  
For anotherA fight broke out  
Someone took objection to my face  
With a bottleI thought I was dreaming but some girls are screaming  
And my face is streaming blood as well  
Soon as I had spoken like some demon woken  
Now my nose is broken, what the hellTake your fight outside  
That's it for tonight  
Take your fight outside  
(We don't want any trouble in here)  
That's it for tonightThe guy was high  
Crazy kind of hatred in his eyes  
Taking overThe cops were called  
Someone put some water on my face  
And I passed outI thought I was dreaming, there were sirens screaming  
And my friends were leaving me to die  
But it wasn't heaven, just ward 27  
And we'll do it all again tonightTake your fight outside  
(We've got this thing under control)  
That's it for tonight  
(We've got this thing under control)  
Take your fight outside  
(We don't want any trouble in here)  
That's it for tonight  
(We've got this thing under control)We've got this thing under control  
We've got this thing under controlTake your fight outside  
That's it for tonight  
Take your fight outside  
(Don't want any trouble in here)  
That's it for tonightTake your fight outside  
We've got this thing under control  
Take your fight outside  
We've got this thing under control  
Don't want any trouble in here
