Doom

Reactive Black

Can't you see
In the darkened night

Can't you hide
In your blackened days

Can't you reach
Your place to be

So far, far out of sight

Don't you know which path to go
Don't you feel a touch so deep
Don't you keep your own belief

Right now,
It's an unknown flow

Can't you see in the darkened night
Can't you hide in your blackened days
Can't you reach your place to be

So far, far out of sight

Don't you know
Won't you leave

Can't you see
