

Pamela

Migos

I just took your hoe cause I ain't got no manners
Riding round Atlanta and I'm trapping out a Phantom
Pamela, Pamela, Pamela (Anderson)
Young nigga cooking up Pamela
Pamela, Pamela, Pamela (Anderson)
Young nigga whipping up Pamela (Ayeeee!) My money growing like a chia pet
Young nigga still trapping off the metro and no kill
Play with the dope he so real
Takeoff just bought twenty sills
My nigga trapping and camping
We taking the plug off and land in Korea
I'm a OG in the hood they calling me Wizard Quavo Bradley Beal
I've been pushing off the back with no smell
Way before the vacuum seal
Niggas used to having bricks in the bell
Most of you niggas gone tell
Everything that I touch I can sell
I done sold water to a fish and a whale
Pamela, Pamela, lil mama got stamina
Eat that dab up like a cannibal
July 31st better mark that your calendar
Drinking Act' double cup looking like lavender
Smoking on cookies [?] made a new cannabis
Black diamond medallion don't call up the ambulance
Kim K Christian Louboutins Pamela Anderson
I got that steel on me still like a manikin(Gggddddd)
Once you go come place your order
Then come cross the border
Pamela important
Never extorted
My niggas important
I'm Takeoff Obama cause I get escorted
24 carat can't shit on my toilet
Don't hit my phone if you know you can't afford it
What I pour in a twenty I show mortgage
And my pinky ring is looking like a orbit
