

I'm Just Coolin (feat. Gorilla Zoe)

Soufside

(intro)

I'm just coolin really
Said I'm just coolin really
I'm Just coolin really(Hook)
If you ask me what I'm doing
Answer always the same
I be in my cool mode Ray-Ban on my frames
Aint nothing like them other niggas
Cuz them niggas be lame

They wanna know how I do it well it really aint nothing to it I'm just coolin really, I'm Just coolin though

Said I'm Just coolin really, yeah I'm Just coolin though

Said I'm Just coolin really, I'm Just coolin though

I know they wanna know how I do it but it really aint nothing to it(Soufside Verse)

I be mindin my own business, I be off in my own zone

If you aint callin talkin bout business, why you callin on my phone

Can't you see that I'm coolin, I aint tryna be bothered

Just to block you haters out I spent bout two hundred dollars

On these Raybans, amen, won't you let me do me

I just want to run up my check & then go cop a brand new V (short for convertible)

Might just hit the booty club, and make it rain on me a freak

I might just hop on me a plane & disappear for bout a week

Just know whatever I'm doing I'm coolin

aint worried bout you, why you worried bout me?

Is it cuz yo chick all off in my whip

& you know she gonna bust it wide open for free

That's cause I'm cool nigga

Neck cool, wrist cool that's a ice pack

I grind plus got my sauce up & them bad bi**hes they like that

Don't wanna chill with a nigga like you, she wanna cool it with a nigga like me

I just be coolin & grindin & getting this paper like money is all that I see

I got my feet up, aint worried bout nothing!

(Singing) I'm Just Coooolin, I'm Just Coolin I'm Just Coooolin(Hook)
