# Feelin' Single

## R. Kelly

I can't believe you're playing me like this,
I thought the love we shared, the good times we had, remember?
YeahFeels like it's over,
My heart tells me she's in love with someone else.
Gave me the cold shoulder
But this I lost 'cause I can find me somebody elseIf she wanna hit the town
And party all night with her friends
If she wanna fool around
Then two can play that game babyYou got me feeling single,
About to give up
Find somebody
Who's gonna love me, girl
Feeling single,
Night is young,
Hit the club
Take somebody home with meGet it, get it
Get it, get it
We can get it, baby
Get it, get it
Now I'm better singleShe said forever
Turned out to be the biggest lie
Of all time
And she changed my weather
Rainin' all day
No chance of sunshineIf she wanna hit the town
And party all night with her friends
If she wanna fool around,
Then two can play that game babyYou got me feeling single
Feeling single,
About to give up
Find somebody
Who's gonna love me
Feeling single,
Night is young,
Hit the club
And take somebody home with meGet it, get it
Get it, get it
Till the morning, baby
Get it get it

Now I'm feeling singleThe way I see it, girl, not gonna do right
About me, baby girl
And I might as well (I might as well)
I might as well get out and mingle, girl
'Cause you got, you got, you got me feeling singleYeah
And I don't wanna do it, baby,
But you're gonna make me
Find somebody
Who's gonna love me,
Treat me right, baby
Be in my house, in my room, in my bed, in my arms at night baby
And she's gonna love me, baby
And she's gonna give all lovin' lovin', baby
