Only Love

Sweeney Todd

What is this thing that makes me cry
what brings this pearly tear to my eye
only Love

How come my head's stopped ruling my heart
what is this thing pulling me apart
only Love

I took one knock on loves front door
slipped on the front step fell down to the floor
because of love
all because of love

I always meant to cut you in
Oh why, what did you need from him
only Love

We had it made, we had it all
why did you go and spoil it all for
only Love

I don't care what they say
Its to late now anyway
and I don't give a fig
and I don't give a damn
for Love

I didn't mean to make you cry
