

# Helpless Fool For Love

Annie

I saw you, it was a rainy day in May or June  
I can't help it God, you looked so fine  
I just had to make you  
Mine oh, mine well I'm a helpless fool for love Instantly  
(Instantly)  
I can't need no sleep no hard to breath  
You read my love so easy A B C  
Twist my mind around and 1 2 3  
Then I'm a helpless fool for Why then it rocks weering tux  
Then it moves  
Miss the day I'm the helpless one How one of a kind  
In a mind, then you touch  
It's a rush, I'm a fool for love All shook up I know it's stupid  
To presipitate without getting  
All humiliate didn't know what  
I should say or do everything I give to you and me (And I'm here without you)  
We gonna have a right trust in me  
(Can't live without you)  
I'm gonna make you happy what you need (Have a swim without you)  
I give you everything I try to be  
(Well you know, you know, you know)  
Still a helpless fool for Why then it rocks weering tux  
Then it moves  
Miss the field I'm a fool for love Why wanna tell you in mind  
That it seems like a dreem  
But I'm all shook up Why do you two then you laugh  
Then I'm there, if you there I'm the  
Helpless one How one of a kind in a mind  
Then you touch, it's a rush, I'm a fool for love  
I've been a helpless fool for love  
I've been a helpless fool for love  
I've been a helpless fool for love Why then it rocks weering tux  
Then it moves  
Miss the field I'm a fool for love Why wanna tell you in mind  
That it seems like a dreem  
But I'm all shook up Why do you two then you laugh  
Then I'm there if you dere I'm the  
Helpless one How one of a kind  
In a mind, then you touch

It's a rush, I'm a fool for love  
I've been a helpless fool for love
