

Left Brain Ambassadors

Spiritual Beggars

Advisory - the following lyrics contain explicit language:

He's never been arrested
Once in his life
Never received a letter from the law
Quite insane
Never felt the demon riding his back
He is safe from harm
Never got hallucinations after
Being too long on the booze
Logical thinking
Turns to Stupidity
Never had longer relations
With the female sex
Never been quite all alone poor little boy
Never had suicidal thoughts
Never quite understood
The true meaning of the word life
