The Educated Fool

Iron Maiden

I'm an educated fool So I don't know what it is I'm supposed to do About this awkward situation That's been forced down right upon me As I'm walking down into on my own into the valley of life Got a lifetime of experience yeah I've got so much to give Open the page at chapter one could this just be that life's just begun Forever within your darker thoughts Reflecting on everything you've been taught Never felt this way before Seems that somebody's just opened the door To the book of life... or is it death! there's ever anyway out Someone's looking down on me to the very inner core of my soul They won't tell me what they see But I really want to know I want to leave my life on my own I want to lift the unturned stone I want to walk right into the fire I want to live out all my desires I want to go and see the fire burn

I want to see and feel my world turn
I want to know what more there's to learn
I want to pass the point of no return
Do you really wanna be
Just another one statistic or feel
That you really should aspire
That you really do deserve more
Do you ever really fell
That you have so much potential inside
What you really have to give
Could be realized so much more
Time will flow
And I will follow

Time will go
But I will follow
I want to feel what life's like respond
I want to meet my father beyond
I want to walk right into the light
I want to feel no fear but delight
I want to leave my life on my own
I want to lift the unturned stone
I want to walk right into the fire
