

Billy In 4C Never Saw It Coming

Motionless In White

Oh my god I could barely sit down to write this line,
And I'd give anything to hear your fucking voice again,
So apathetic and I know you must be dead inside,
You don't know what love is. And I will paint the darkness on,
Everything that reminds me of you,
And I haven't slept in days,
For I may not wake up. And you say that passion kills? I forgot what this hollow pit in my stomach felt like. Now
I am become death, destroyer of worlds. You Are All That I Have Left
And I am lost without you.
This is the last heart you ever take and this is the last life that you ever destroy. Your bloods not worth spilling.
