Take Me With You When You Go

Jack White

Take me with you when you go, girl
Take me anywhere you go
I've got nothing keeping me here
Take me with you when you go
I got a feeling my mind's in the sky
And I can't catch a breath or a break
Like a guy who is strangled and begging
For help not attention and then not to
Mention the pain that is mine
And the thought of not knowing
That what's going on in my eyes or my hands
Could be robbing without any knowledge
Or knowing that helping yourself could be
Hurting or harming someone
Take me with you when you go, girl
Take me with you anywhere you go
