

# My Eye Know Might

## Ready Never

I should say it's like Im made of Gold  
Pure, and strong, with might  
I dont care about my self no more  
Now Im always right  
I really like that with my precious one, Im always saving time  
I should say that with my new device  
Nothing can be deniedMy Eye-Know-MightGet my life together  
Get my life together  
Foolish gold, my Eye Know Might  
Foolish gold, and I dont mindOh my god  
I dropped my Eye-Know Might  
And now Im lost  
What can I say?  
My goals, my hopes, my dreams  
Go down the drainand what if any of the girls I like,  
Posted on my wall  
And I cant share about myself no more,  
Freedoms faine and fall  
Now no one will know Im washing my car,  
Or what I feel today  
I cant link, or like, or post my God, Im like a castawayIn my lifeGet my life together  
Get my life together  
Foolish gold, my I-KnowMight  
Foolish gold, and I dont mindI feel no emotionsMy Eye-Know Might!  
My Eye-Know Might!
