

# Light In Your Eyes

## Blessid Union Of Souls

I can't remember the last time that we kissed goodbye  
All of our 'I love you's' were just not enough to survive  
Something your eyes never told me  
But it's only now too plain to see  
Brilliant disguise when you hold me  
And I'm free  
I've been thinking and here's what I've come to conclude  
Sometimes the distance is more than two people can use  
But how could I have known, girl  
It was time and not space you would need  
Darling, tonight, I could hold you and you would know  
But would you believe  
There's a light in your eyes, I used to see  
There's a place in your heart where I used to be  
Was I wrong to assume that you were waiting for me  
There's a light in your eyes, did you leave that light burning for me  
Cards and phone calls and photograph  
pictures of you  
The constant reminder of all the things you get used to  
Is there a chance in Hell or Heaven  
That there's still something here to build on  
Or do you just pick up the pieces after they fall  
But after all  
There's a light in your eyes, I used to see  
And a song in the words that you spoke to me  
Was I wrong to believe in your melody  
There's a light in your eyes, did you leave that light burning for me  
Should I keep on waiting or does love keep  
on fading away  
Fading away  
It's been a while since I've seen you, so how have you been  
Did you get my letter I wrote you that I did not send  
I tried to call your old number  
But the voice that I heard on the phone  
I recognized but she told me the number was wrong  
There's a light in my eyes, it's too bright to see  
And a pain in my heart where you used to be  
Guess, I was wrong to assume that you were waiting here for me  
There's a light in your eyes, did you leave that light burning for me
