

Our Song Will Rise (feat. Justin Rana)

Glory of Zion International Worship

OUR SONG WILL RISE by Justin Rana 2017

Gather where you've been scattered
Part the waters cross the sea
Link your arms where hearts are tattered
And rise in one identity

The ancient sounds of sorrow flee
Drowned out by songs of victory
His winds will rise if you'll believe
The moment's now for destiny

[chorus]

Our song will rise, O'er walls of stone
On hills of green where seeds are sown
So raise your voice, ready to run
It's time to fight for the souls of our sons

[Music]

So find your sound inside the war
But know who you're fighting for
There must be nothing left to chance
On the line, inheritance

[chorus]

The past is gone now look to me
And I'll give you every do-or
Lay down your hold on history
The future comes upon your shores
[chorus] repeat [chorus] repeat [souls of our sons]
