

End Of The Night

Cyhi The Prynce

Yeah

It's the end of the night girl
And I'm gonna make you feel good

Make you feel good...

Now that we're alone girl
Do every thing that we said that we would...
So lay ya body down down down

I'll make you say my name and
Try not to make a sound sound sound
My neighbors be complainin'

Yeah, yeah

It's the end of the night girl
And I'm gonna make you feel good (I promise)
Make you feel good...
(Girl we shouldn't be doin' this. Upside down)
