

# Pretty Flaws

## Deluxe

O pudding ball and sugar dolls  
You can't tell them all appart  
Pretty flaws and painted claws  
Sweet potatoes, butter, fall !  
Even tall people crawl against  
The scented meadow wall  
Cheetah toss dem chatty jaws  
Why'd you wait so long to callCh: It could be so easy  
If I knew what you knew  
Forebear and teach me  
Like only you can doLemon Â` lime  
Lucky the day you beg me please  
Down to the Berry Bobby Jeez  
Down to your knee  
Couple of times  
Racketly wrecking my theories  
A rain of croco tears  
Is all I need !Ch.
