Loving The Small Time

KaraÂ´s Flowers

Save our lives, can't revive
Your magic place is nearing hellSet it straight, can't relate
I hope your friends treat you wellAll the waiting, killing fading
And I'm falling, I'm falling
All the waiting, killing fading
And I'm falling, I'm fallingYou saved our lives and took our dives
You waited for the time to sellAll the waiting, killing fading
And I'm falling, I'm falling
All the waiting, killing fading
And I'm falling, I'm fallingSave our lives, can't revive
Your magic place is nearing hellSet it straight, can't relate
I hope your friends treat you wellAnd all the waiting, killing fading
And I'm falling, I'm falling
All the waiting, killing fading
And I'm falling, I'm fallingYeah, yeahSave our lives
Save our lives
Save our lives
