I Guess It's Over

Natural

I guess it's over another day
I sit around and try and find the words to say
I bet you'll call me on the phone
I'll say I'm out,but I'm at home
I'll say that I gotta go
Cause I know he's there
I know he's by your side
Bet I'll see you out one night
Act like everything's alright
Deep inside I fight
Cause I'm missing you,girl
I never wanted to go
I only wanted to stay
There's just one thing in this world that makes me feel this way
(Chorus)
I get back on my feet again
It won't work,but I'll pretend
That I'm over you
Cause I guess it's over
I guess it's over now
Smile at you across the room
It's a lit but you'd assume
That I'm over you
Cause I guess it's over
I guess it's over now

I walk down Broadway
And see the signs
I used to glance at as I held you by my side
Tonight on Broadway
It's all the same
Except you're far away and it's driving me insane
(Chorus)
Now I know that we could be good friends
Talk to each other now and then
Catch up on the day-to-day But
I don't really think I want it that way
Every time I see you around
I bend down,pick pride up off the ground

Every time I see you smilin'
Inside i'm really dyin'
Dyin' over you
I guess it's over another night
I lie awake and wish I had you by my side
