Love on My Mind

Xscape

Boy, I can't wait to get you alone
Inside my house
'Cause baby it's you and only you
That I keep on thinking aboutI know what you want it
How good my love could be
Tonight you will get the answer
I'll satisfy your curiosityTake me away in ecstasy
I want to know how it feels to be loved
Boy, take your time because I have all night
I'm gonna show you what I'm been thinking ofI've got love on my mind
I knew it's the way to make things right
I think it's about that time
I've got love on my mind
And I'm in the mood to be moved
And do all the things you want me toI've been watching you
And thinking to myself
You're looking so so def to me
And I'm feeling so sexyYou know I never
Felt this way before
I really can't help myself
'Cause I'm thinking of nothing elseTake me away in ecstasy
I want to know how it feels to be loved
Boy, take your time because I have all night
I'm gonna show you what I'm been thinking ofI've got love on my mind
I knew it's the way to make things right
I think it's about that time
I've got love on my mind
And I'm in the mood to be moved
And do all the things you want me toI've got love on my mind
I knew it's the way to make things right
I think it's about that time
I've got love on my mind
And I'm in the mood to be moved
And do all the things you want me toTake me away in ecstasy
I want to know how it feels to be loved
Boy, take your time because I have all night
I'm gonna show you what I'm been thinking ofI've got love on my mind
I knew it's the way to make things right
I think it's about that time

I've got love on my mind
And I'm in the mood to be moved
And do all the things you want me toI've got love on my mind
I've got love on my mind
