

Find A Way

SafetySuit

Hold on, whats the rush, whats the rush
Were not done, are we?
Cause I dont need to change this
Atmosphere weve made
If you can stay one more hour
Can you stay one more hour? You know Im gonna find a way
To let you have your way with me
You know Im gonna find a time
To catch your hand and make you stay Hold on, Ill be here when its
All done, you know
Cause whats the point in chasing
If I cant enjoy your face and
We cant be wrong tonight
Can we be wrong tonight? You know Im gonna find a way
To let you have your way with me
You know Im gonna find a time
To catch your hand and make you stay I dont care what clothes you wear
Its time to love and I dont care
You know Im gonna find a way
To let you have your way with me And if I was running youd be the one
Who I would be running to
And if I was crying you would be lining
The cloud that would pull me through And if I was scared then I would be glad
To tell you and walk away
But I am not lying, I am just trying
To find my way in to you You know Im gonna find a way
To let you have your way with me
You know Im gonna find a time
To catch your hand and make you stay I dont care what clothes you wear
Its time to love and I dont care
You know Im gonna find a way
To let you have your way with me You know Im gonna find a way
To let you have your way with me
You know Im gonna find a time
To catch your hand and make you stay I dont care what clothes you wear
Its time to love and I dont care
You know Im gonna find a way
To let you have your way with me And if I was running
And if I was crying

And if I was scared You know Im gonna find a way
To let you have your way with me
