

# The Real Life

## 3 Doors Down

I wanted to find somewhere to hide  
And I opened up and let those fears inside  
And I wanted to be anyone else  
Only to find that there was no one there but meBut I woke up to the real life  
And I realized it's not worth running from anymore  
When there was nowhere left to hide I found out  
That nothing's real here but I won't stop now  
Until I find a better part of meI let those hard days get me down  
And all the things I hate got in my way  
I could've screamed without a sound  
I found myself silenced by those things they sayBut I woke up to the real life  
And I realized it's not worth running from anymore  
When there was nowhere left to hide I found out  
That nothing's real here but I won't stop now  
Until I find a better part of meThats out there somewhere  
And it cant be that far away  
Thats where I'll find myself  
And I'll find my way out  
That's where I'll find outBut I woke up to the real life  
And I realized it's not worth running from anymore  
When there was nowhere left to hide I found out  
That nothing's real here but I won't stop now  
Until I find a better part of me
