

Are You With Me?

Jaya The Cat

Taking a walk

Through the valley of a roadside

Taking a walk through the valley of a roadside

On a sunny afternoon

Smoking a smokeThrough the streets of poppyfield

Smoking a smoke through the streets of poppyfield

On a sunny afternoon

I'm travelling down a man made avenue

There's a stop sign this time I'm going through

Are you with meOn my journey

Are you with me in the search for the sunshine

On a sunny afternoon

Now I'm driving my car

Down the path of a hillside

Driving my car down the path of a hillside

On a sunny afternoon

Holding your hand

Down a lane made for lovers

Holding your hand down a lane made for lovers

On a sunny afternoon

I'm travelling down a man made avenue

There's a stop sign this time I'm going through

Are you with me

On my journey

Are you with me in my search for the sunshine

On a sunny afternoon

I'm travelling down a man made avenue

There's a stop sign this time I'm going through

Are you with me

On my journey

Are you with me in my search for the sunshine

On a sunny afternoon

Are you with me

On my journey

Are you with me in my search for the sunshine

On a sunny afternoon
