## Grotesque

## **Cannibal Corpse**

Monstrous

My thoughts

Revolting visions, carnage

BloodbathMy dream

Gore soaked

My hands

Hallucination, or real

I wield

The bladeGrotesque

Mind

GrotesqueVisions

Murder

See myself slashing, the throats

VictimsMy friends

Horror

My crimes

Fiendish memory, did I

Kill them

I must knowDid I kill them?Life long friend

Cut off his headHow can this be I butchered them

Why would I slaughter them?

Who gave me this knife to kill them

With, how could I chop them up?Survey my massacre

Fragments of my comrades carpet

The ground below, I want to escape

Stab myself suicide wake me up and set me freeGrotesque

Mind

GrotesqueDid I kill them?

Did I kill them?
