Me With You

Jennette McCurdy

Some people are down and now,
Some people are lonely now,
Some people just need a vacation,Some people can't find a smile,
For some people it's been a while since,
They had an all night conversationSince you walked into my life,
Everything's felt so rightThe sun's been shining,
And I've been singing
This song in my head and it goes
Lalalalalalalalaaa
Nothing but blue sky
When I stare into your eyes
I get tongue tied everytime
You smile
Some people don't know
What love can do
Well, they should see me with youI remember how we used to be
I remember how I used to dream
for someone to come along,
To sweep me off of my feetSome people say wishes don't come true,
Well I say some wishes doThe sun's been shining,
And I've been singing
This song in my head and it goes
Lalalalalalalala
Nothing but blue sky
When I stare into your eyes
I get tongue tied everytime
You smile
Some people don't know
What love can do
Well, they should see me with youAnd when they look at us,
They can tell, we're in love,
Oh, it's so obviousThe sun's been shining,
And I've been singing
This song in my head and it goes
Lalalalalalalalaaaa
Nothing but blue sky
When I stare into your eyes
I get tongue tied everytime
You smile

Some people don't know
What love can do
Oh-Oh
Some people don't know
What love can do
Well, they should see me with you
Oh
Me with you
