

Don't Know What It Means

Tedeschi Trucks Band

When the sun comes shining through Lighting up what's left of you
And you put it all aside for another day.
Picking up and rearrange it
Don't you know that you won't change it
'Cause you've always been a stranger anyway. Now you left your window open just to keep
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
