The Hit

Bang Camaro

Some things don't catch
On fire the way that we do
Who knew one match ignites
The way we light youIt's cool, I catch
The ice that surrounds you
And, still, I can't rewrite
This temperatureGirl, we could use a light right now
Find me in the dark somehowSo, as we look into your eyes,
You see the truth
We won't tell you any night lies
So, as you look into our eyes,
And see right through
Please, don't leaveSome things don't crack
Until they're under pressure
We won't attack until
You ask us toSome things don't catch
On fire the way that we do
Stand back, relax, don't fight
As we consume youGirl, we could use a light right now
Find me in the dark somehowSo, as we look into your eyes,
You see the truth
We won't tell you any night lies
So, as you look into our eyes,
And see right through
Please, don't leaveSo, as we look into your eyes,
You see the truth
We won't tell you any night lies
So, as you look into our eyes,
And see right throughSo, as we look into your eyes,
You see the truth
We won't tell you any night lies
So, as you look into our eyes,
And see right through
Please, don't leave
