Party Wit Me

Brownstone

Hey, uh, babe
Sweet, uh, baby
Come on, come on, my ba-ay-byLay right down, relax, unwindOoh, boy I know just how you feel
With a girl, straight forward & so real
Come real close
And don't be shy
I'll give you good love
Don't ask me why, yeahOoh, I feel what I say
Believe it, I'm real
Ain't no time to be fake
I see what I want
And I go for mine
So come get it now
Don't ask questions 'til the endOoh-wee, you look so good
Won't you party wit me if you could
Hold me, kiss me, squeeze me tight
Let's make love all day & night
Ooh, boy, take my hand
I'll make sure you're soon a man
Lay right down, relax, unwind
I want your soul, your body, your mindI want the kind of love that drive me [crazy]
Can you give me that, my big strong [baby]
The kind of love I will always [feel]
What I finds whenever you're [near]Feels so good my knees are shakin'
But this here is for the takin'
Let's get wild & don't be shy
Love so real, you'll scream all nightOoh-wee, you look so good
Won't you party wit me if you could
Hold me, kiss me, squeeze me tight
Let's make love all day & night
Ooh, boy, take my hand
I'll make sure you're soon a man
Lay right down, relax, unwind
I want your soul, your body, your mindOoh, I say what I feel
And I feel what I say
Believe it, I'm real
Ain't no time for me, boo, to be fake
I see what I want
And ya know I gotta go for mine

So come get it now
Don't you ask me no questions(My knees are shakin')
You look so good
Won't you party wit me if you could
Hold and squeeze me tight
Let's make love all day & night
(My knees are shakin')
Take my hand
I'll make sure you're soon a man
Lay right down, relax, unwind
I want your soul, your body, your mind
