

# We Haven't Turned Around

## Gomez

We came, we came, we came again  
To stem the tide and point the blame  
Came back for more, came back to see what you had in store  
Everyone join the line, everyone  
So, you wanna spin the world around  
So, you wanna spin the world around  
And anybody else, cut 'em down  
So, you wanna make catastrophe  
Won't you send it right over to me?  
I got some time everybody running high  
The same, the same, the same again  
To steal the time and haunt the graves  
Just because it's there don't mean you see it anywhere  
Maybe it's a trick of the light, maybe  
So, you wanna spin the world around  
So, you wanna spin the world around  
And anybody else, cut 'em down  
So, you wanna make catastrophe  
Don't you send it right over to me?  
I got some time everybody come alive  
So, you wanna spin the world around  
So, you wanna spin the world around  
And anybody else, bring 'em down  
So, you wanna make catastrophe  
Won't you send it right over to me?  
I got some time everybody running high  
So, you wanna spin the world around  
So, you wanna spin the world around  
And anybody else, cut 'em down  
So, you say we haven't turned around  
So, you say we haven't turned around  
Just everybody else is going wrong, going wrong
