

# Not Too Long Ago

Nick Lowe

We used to go out to partys and shows  
Back when she really, really loved me so  
Then he came along like a stormy sea  
Not too long ago, now she dont love me anymore  
And we would walk neath the tall oak tree  
Talkin bout how happy, how happy we would be  
Then he came along like a devil in disguise  
Not too long ago, now I got tears in my eyes  
She always said I was her world  
And our love would never die  
She always said wed ever be as a one  
But she left me for lettin my heart to cry  
Now Im so lonely, lonely and blue  
Cause theres nobody that I can turn to  
I just let her get away from me  
Not too long ago and she dont want me anymore  
Not too long ago and now Im in a misery  
Not too long ago
